> Blockchain & QR-Based Traceability

Solving the problem of waste collection

Uplifting Lives in Developing Economies

Recycling Plastic, Metal, Paper, Wood, Rubber and Glass

About Gemini

1989

Gemini Corporation NV was founded

Credit Rating Achieved creditsafe²

Credit Rating dun & bradstreet

Headquartered in **Belgium**

Board member of

Member of

Official Supporter

Global Treaty on Plastic Pollution signed at UN Enviroment Assembly.

Professionals

Worldwide

Core Competencies

Collection, Recycling, Sourcing, Logistics, Reprocessing, Finance & Documentation, Warehousing & Sorting Facilities.

We operate through 47 owned or affiliate offices with 50 warehouses in 36 countries.

Exporting over 100,000 TEUs (Twenty-feet Equivalent Unit) per annum to and from more than 75 countries.

The group collects over 400,000 tonnes of recyclable plastics from over 500 locations in 35 countries for reprocessing at over 250 plants in 40 countries. Apart from plastics, we give a second life to over **4 Billion** pounds of rubber, metals and paper including 50 Million tyres, 300,000 cars and 5 Million refrigerators.

GEMINI

Core Idea - Circular Economy

Million Tonnes

of plastic waste is generated globally every day

Billion

Tonnes

By 2050

Less than 10%

of plastic waste will be generated of that will be recycled

Truck 2000 loads

of plastic waste every hour

Chairman

Surendra Patawari

Gemini Corporation NV

Mr. Surendra Patawari is the Founder and Chairman of Gemini Corporation. Mr. Patawari is based in Antwerp, Belgium, the headquarters of Gemini. Since 1989, under his leadership, Gemini has succeeded in becoming one of the world's leading circular economy market makers. He is very passionate about recycling and also gives great importance to social responsibility.

Gemini Corporation NV

Waterwilgweg 6 2050 Antwerp, Belgium

info@geminicorp.be www.geminicorp.be +32 (0)3 254 04 14 Mr. Surendra Patawari is a Board Member of the global Alliance to End Plastic Waste (AEPW) and is a winner of several awards, viz. the US President's "E" Award, IERC Honorary Award, Global Business Leader Award (Institute of Chartered Accountants of India), Global Recycler of the Year (MRAI). Mr. Surendra Patawari is amongst the top 4 recyclers in the world as per Recycling International magazine.

He is an active participator in the Global Plastic Treaty and Goverment policy making decisions regarding Plastics and Circular Economy. He is also a key speaker at the World Economic Forum events and other industry associations like Fortune CEO Initiative, ISRI, BIR, BMR, MRAI, BVSE, ISWA etc. Mr. Surendra believes in giving back and sharing with society. He has adopted 12 Indian villages for their medical needs. He has built two schools that now educate 400 students. Moreover, he has planted & maintained a green forest of 100,000 trees in the Indian desert.

GEMINI

Waste is not waste until it is wasted. On the contrary, it is a resource full of opportunities.

Surendra Patawari

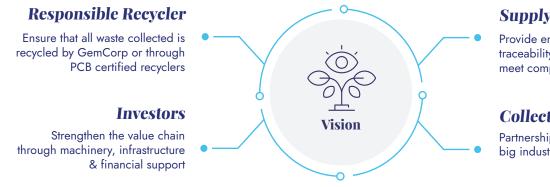

Gemcorp Recycling & Technologies

a subsidiary of Gemini Corporation NV

GemCorp seeks to strengthen the circular economy ecosystem in a just and equitable manner with focus on social upliftment, efficient logistics, provision for working capital, education, end-to-end traceability and on-ground action.

Supply Chain Experts

Provide end-to-end transparency & traceability to ensure businesses meet compliance

Collection Services

Partnership with small aggregators to big industries for waste collection

The GemCorp Journey

66

Creating

Our Circular Economy Products

GEMCORP

885

Plastics

Recyclable plastics & near Prime Resins, Global sourcing & supply of Off-Grade & Reprocessed Plastics.

Wood

Metals

Recycling and supply chain management which includes Raw Materials, Second Choice and Prime.

Medium Density Fiber Boards, Chipboards, Logs, Timber/ Lumber, Pallets.

Tyre & Rubber

Butyl Inner Tubes, Shredded Tyres, Baled Tyres, Rubber Powder & Crumb Rubber.

GEMCORP

Paper

Prime Paper, Production Waste & Stock Lot Paper.

Glass Bottles & Cullets.

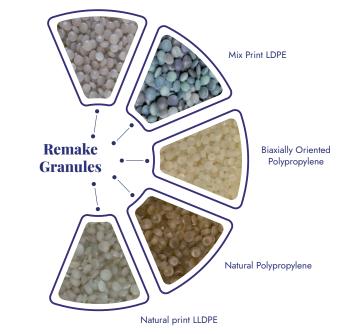

Remake Granules

Clean plastic materials are fed into a cutting device and reduced to tiny fragments. The sliced pieces are placed in an extruder, where they are melted and turned into lumps of granules.

Natural Print LDPE

Remake Packaging

GemCorp produces post-consumer recycled based ReMake packaging products and supplies it to institutional clients.

Plastic Lumps

Metal Recycling Business

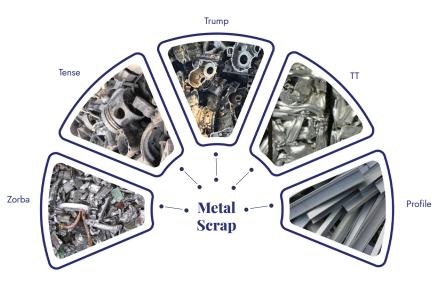

Manufacturing Process

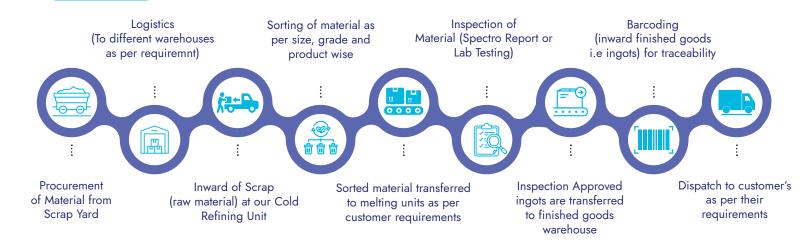

Tonnes of metal scrap annually

We have our Cold Refining Unit which handles feed of mix metals scrap that includes Zorba, Tense, Trump, Profile, TT, Talic, etc.

Converting clean sorted Aluminium scrap to Aluminium Ingots & Billets, (ADC-12, LM-2, LM-6, LM-24, 6063/6061 Billets- 4"/5"/6" Dia, Customized Alloys, Zinc Ingots, Copper Ingots, Production of Secondary Aluminum Alloy Ingots and 96-98% Aluminum Ingots, Aluminum Notch bar and Deox cubes) at our Partner Melting Units.

Chemical composition of our aluminum and alloy ingots is maintained as per IS standards

Ö

We have a barcode facility at our warehouse for inventory management and quality process

A random quality check is performed before final dispatch

Any product which is out of specification is marked as off spec which either go for remelting or been sold as off spec product

Institutional Recycling

Waste Recycling Program

Ensuring

End-to-end

recycling of institutional waste for major brands in FMCG, Beverages and e-Commerce

Implementing

Global Best Practices

of the material from collection until recycling

Fulfilling

for renowned brands

Plant-Waste Management

Institutional waste management with an intent to reduce waste going into oceans and landfills. Recycles the collected waste through the partner recyclers or by installing machines at the institutional units. Participates in various Tenders, and E-auctions held by the brands for their waste management activities.

Event Waste

GemCorp, the client can ensure that environment

Zero waste events are trending worldwide, and GemCorp is here to support and host them. By working with the event complies with all local laws during the process and protects the

Infrastructure Dismantling

GemCorp has experience in infrastructure demolition and dismantling across a variety of market sectors and industries. GemCorp has a dedicated management and operations staff, a proprietary specialty equipment fleet, and robust safety culture to deliver quality and value to the customers.

Reclaimers Outreach Program

There are approximately

million waste pickers

across India who make a living through picking up, cleaning, sorting and segregating recyclable waste.

GemCorp is committed towards improving the working conditions of waste aggregators by providing better infrastructure and training and ensuring they have proper IDs, bank accounts, and social security benefits.

GemCorp identifies waste collectors and their families through its associated baler facilities and provides them with monthly groceries and toys for their children, clothes, footwear, schoolbooks, etc.

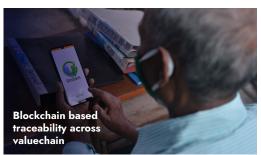

Until now we have uplifted more than

1000 families.

Installation of Baling machines free of cost at collection centres

No Child Labou and providing minimum wages

Overall upliftment of the reclaimers
